

55" In-Window Display

Overview

The 55" single-sided window display is purpose-built for high-visibility storefront and public-facing installations, delivering bright, crisp content that remains clear even in strong ambient light. Powered by an integrated Android system, it supports standalone media playback, remote updates, and flexible network connectivity for seamless content management.

Its durable commercial housing, reliable thermal control, and 24/7 operating capability make it an ideal solution for retail windows, transport hubs, and any environment where consistent, attention-grabbing digital signage is required.
