

14" Ultra Slim PoS Touch Display

Overview

This compact 14" digital signage display is designed to deliver clear, vibrant content in a sleek and versatile format. Featuring a full viewing angle IPS panel with Full HD resolution, it provides sharp visuals and consistent image quality, making it ideal for retail spaces, hospitality environments, reception areas, and interactive information displays.

Built with flexibility in mind, the display supports both wall-mounted and tabletop installations to suit a wide range of applications. With Android 11 integration, Wi-Fi connectivity, expandable storage options, and support for multiple media formats, it offers a user-friendly and reliable solution for modern digital communication needs.

Key Features

Full HD IPS Display

Sharp 1920 × 1080 resolution with wide viewing angles for clear, vibrant visuals.

Dual Mounting Design

Suitable for both wall-mounted and tabletop installations.

Android-Based Operation

Delivers reliable performance and supports a variety of applications and digital signage functions.

Wireless Connectivity

Integrated Wi-Fi and Bluetooth enable simple network access and convenient device connectivity.

Touch Capability

Available with capacitive touch functionality for interactive user experiences.

Wide Media Compatibility

Supports multiple video, audio, and image formats for flexible content playback.
